### **Mount's Bay Survey**

We have just heard that our application for a grant from the Heritage Lottery Fund has been successful. This will enable us to buy our own sidescan sonar and other equipment to start the survey in August this year. The first week of geophysical survey will begin on 19<sup>th</sup> August. Anyone interested in taking part should contact me as soon as possible.

There will be a meeting at the Portreath Arms on Friday 14<sup>th</sup> July at 10pm to go over the plans for the Mount's Bay Survey. The survey will take two years and a provisional timetable will be presented at the meeting. If you are interested in taking part in the survey but are unable to attend the meeting then I suggest you contact me by phone. More information about the Mount's Bay survey is available on the CISMAS web site.

### **Booklet Sales**

*The Search for Colossus – A Story of Wreck and Discovery* booklet is selling steadily but more could be done to market the booklet. We are still looking for someone to take on the marketing of the booklet – could you take on this task?
