

# THE CORNWALL AND ISLES OF SCILLY MARITIME ARCHAEOLOGY SOCIETY

There was an evening tour of the Wessex Archaeology diving boat Xplorer on Thursday 23<sup>rd</sup> September at 7:30pm. Thank you to those of you who attended – I hope you enjoyed the tour. We are planning a trip round Pengersick Castle later this month to see the castle and the finds from the wreck of the St Anthony.

As you know we were in Scilly from 4<sup>th</sup> September for two weeks working on the Colossus debris field survey. I hope those of you who took part enjoyed the experience – despite the rather poor weather which prevented us from diving on five out of the thirteen diving days. Anyone who would like to take part in the project next year should let me know as soon as possible. I am currently working on the report of the debris field survey – this will be available to all members once it is finished (a couple of weeks all being well).

There will be an informal meeting at the Portreath Arms on Thursday 7<sup>th</sup> October at 7:30pm. We will be discussing the debris field survey and setting up the sub committees to produce the web site, museum display and booklet. If you are interested in participating but are unable to attend please contact myself or Brendon.
