CISMAS Booklet

The CISMAS booklet *The Search for Colossus – A Story of Wreck and Discovery* has now been printed. All those who took part in the survey have already received a copy (or will get one shortly). Anyone else who would like a copy can get one at the special member's price of £2.50.

International Shipwreck Conference, Plymouth 4th February 2006

Our treasurer, Brendon is giving a presentation at the conference about the CISMAS work on the *Colossus* debris trail. We shall also be exhibiting the museum display which CISMAS produced for the St Mary's museum. The CISMAS booklet on the debris field survey will also be on sale at the conference. Any members who would like to help man the stand at the conference will be most welcome.

Details on the conference at www.threeh.demon.co.uk/conference

Projects

We hope to be starting a new project this year. We plan to begin a survey of Mount's Bay, anyone who would like to get involved should contact me in the next few weeks so that we can start to organise the logistics. We may be undertaking other projects as well, I will circulate details as soon as possible. If anyone has any other projects which CISMAS could help with just let me know.

Web Site

We shall be updating the web site in the next few weeks. Anyone who would like to write something for the web site should contact me.
