Cornwall and Isles of Scilly Maritime Archaeology Society

Shipwreck Conference, Plymouth

We sold over 80 copies of the CISMAS booklet *The Search for Colossus – A Story of Wreck and Discovery* at the Shipwreck Conference in Plymouth. Brendon gave an excellent presentation on the Colossus Debris Field Survey. As a result of our stand at the conference we now have six new members in CISMAS. I would like to thank all those who came along to the conference and helped to man the CISMAS stand.

NAS training

We are hoping to run the Nautical Archaeology Society Introduction and Part I training courses again in Penzance this summer. Anyone interested in taking part should contact me as soon as possible. We need at least six students for each course if they are to run. The training courses will be offered to members at a reduced price.

I would like to congratulate Luke Randall on his successful completion of his NAS part II project. Luke submitted a report on the recording of the Hayle ship timbers for his part II. If anyone else is interested in undertaking a NAS Part II project, please contact me and we can get you started.

We are also planning a NAS Part III course on Marine Geophysics this summer. This will be undertaken as part of the forthcoming Mount's Bay Survey. We shall be covering magnetic, sidescan and bathymetric survey. The course will be over a weekend and will include theory and practical sessions. Places will be limited by space on the boat, so let me know if you are interested.

Booklet Sales

We are looking for someone to take on the marketing of the CISMAS *Colossus* booklet. My spare room is currently full of boxes of booklets so we need to start thinking of how to get these sold.

AGM

The Annual General Meeting of CISMAS will be held at the Portreath Arms in Portreath at 9:30pm on Friday 24th February. If anyone has anything they would like to be discussed, please submit it in writing to me by the 22nd February.
